Preventative Maintenance

General Inspection:

☐ **General Inspection - \$120.00**
Diagnostic fee will be waived if
labor for work exceeds \$300.00

This inspection will include:

A sea trial to determine your boats engine(s) are cooling properly, achieving the right performance (RPM's based on engine standards) and shifting properly. We will also check for water leaks, check the bellows on stern drives and check the functionality of any 12 volt accessories. Once the inspection is complete, you will receive a call from one of our technicians who will discuss the findings with you. We do require authorization prior to making any repairs.

THERE WILL BE ADDITIONAL
CHARGES FOR MATERIALS
AND/OR ANY EXTRA LABOR
COSTS; CUSTOMER APPROVAL IS
REQUIRED PRIOR TO WORK BEING
COMPLETED
